Re: Truck Washing at the "K-Mart" Store Parking Lot at Kearney & Kansas

This office received a complaint from Mr. Harold Bengsch, Director of the City Health Department, on the morning of October 10, 1983, stating that he had witnessed Do-Moore Enterprises washing or degreasing a Syntex truck on "K-Mart's" parking lot at Kearney & Kansas on October 7, 1983. He also said that what ever Do-Moore was using to clean the truck was lifting the asphalt.

J. D. Slaughter and myself contacted Mr. Don Moore at 2050 E. Trafficway at approximately 9:30 A.M. on the morning of October 10, 1983. Mr. Moore stated that he had not washed any trucks on Wal-Mart's parking lot and showed us his schedule for the past week. Mr. Moore also said that he does not use any solvents in his cleaning operation. Mr. Moore referred us to Yunekorn Mobile Wash, 2136 E. Kearney.

J. D. Slaughter and I contacted Mr. Yunek, owner of Yunekorn Mobile Wash. Mr. Yunek stated that he did not do any cleaning of trucks on Wal-Mart's lot. He said that he only has 3 accounts.

J. D. Slaughter contacted Mr. Harold Bengsch at approximately 2:30 P.M. on the 10th to see if the information that he gave us was correct. Mr. Bengsch again confirmed that Do-Moore Ent. was cleaning a truck on "K-Mart's" parking lot at Kearney & Kansas. Mr. Slaughter corrected Mr. Bengsch and informed him that Wal-Mart was at Kearney & Kansas. Mr. Bengsch then stated that he would testify in court that he saw Do-Moore Ent. cleaning or degreasing a truck on Wal-Mart's parking lot. Then he said that actually he did not see the truck being cleaned but that he had received a citizen's complaint. He did check out the complaint but arrived too late to see the truck being cleaned but did see a Do-Moore truck there and did see a work order.

At this point, this office has contacted Do-Moore Ent. and Mr. Moore stated that he did not clean any truck at that location. Mr. Moore is aware that this office is watching his operation. I don't feel this office can proceed any further at this time without more solid evidence.
